

Daily Lesson Plan Compilation

Generated: 2026-02-21 Page 1/1

Intern: Jimmylien Dionido | Program: BSEd Major in English

Document: DLP Compilation

Institution: Mabini Colleges, Inc

Cooperating School: D. Q. Liwag National High School

Internship Coverage: January 15, 2026 to May 30, 2026

DLP 1: Context Clues in Reading (English, Grade 8)

Objectives: Infer unfamiliar word meaning and cite context clues.

Procedure: Review, modeling, guided practice, group activity, exit ticket.

Assessment: 10-item formative check + rubric for sentence justification.

Remediation: Short reteach session using visual context cards.

DLP 2: Human Digestive System (Science, Grade 7)

Objectives: Explain organ functions and sequence digestion process.

Procedure: Inquiry question, diagram labeling, think-pair-share, synthesis.

Assessment: Quiz and oral explanation rubric.

Remediation: Concept map with scaffolded organ prompts.

DLP 3: Linear Equations Basics (Mathematics, Grade 9)

Objectives: Solve linear equations and justify each step.

Procedure: Warm-up, mini-lesson, station rotation, closure task.

Assessment: Problem set and quick oral reasoning check.

Remediation: Step-by-step guided worksheet by competency strand.

Instructional Notes:

- All plans are competency-aligned and time-blocked.
- Differentiation options included for readiness levels.
- Reflection prompts embedded at closure for learner metacognition.
